

# Asbestos Awareness

Attendance dates to meet YOUR needs at YOUR place of work or at a venue of your choice. Half day course.

Identifying asbestos, unlicensed work, knowing what to do when asbestos is discovered.

Knowing when work requires a licence.

Delivered by a Tutor who is a Chartered Practitioner with I.O.S.H. , Chartered Environmentalist and a Chartered Construction Manager with C.I.O.B.

This is an excellent course for trade professionals and operatives as well as caretakers and all those who may disturb asbestos and / or need to drill through it or displace it to undertake any work where asbestos may exist.

Knowing how to deal with asbestos when it is accidentally discovered or disturbed and the correct safe procedures to protect yourself and others. Simulated typical disturbance/repair exercise on the course.

## Course includes:

*Understanding the properties of asbestos; the effects on health; medical requirements; asbestos products, asbestos fixtures and building components that contain asbestos; which buildings are at risk; safe working practices; hygiene requirement; PPE and RPE; control measure and control limits ;understanding an asbestos register, algorithm risks record, air monitoring; emergencies; decontamination, waste handling, and non licensed work.*

Course notes included, **Half Days Tuition** (typically 0900 to 1230)

A quality certificated course which concludes with a multi choice examination.

*Candidates for this course should already be familiar with general risk assessment requirements*

Quotations by BST are provided for the course to meet your specific requirements and will vary dependant on the number of candidates, distance, and venue etc.

*Course content and duration may vary as a result of changes needed to comply with the requirements of legislation or necessary updates, but details were correct at the time of publication.*
