

PAT - Electrical Testing

Bespoke Safety Training & Consultancy Limited

Attendance dates to meet YOUR needs at YOUR place of work or at a venue of your choice. We bring all the equipment

**Comprehensive
course to current
Edition of I.E.T.
Code of Practice**

Who should attend

This is an excellent course for practical persons (requiring only basic skills in maths) including: supervisors, caretakers, trade professionals and operatives and specially designed for those persons with no electrical training or experience as well as electricians.

What is included:

General electrical safety guidance, relevant law, electrical appliance testing and inspection to the **current version of the Code of Practice** for In-Service Inspection & Testing of Electrical Equipment. Learn how to minimise costs for this requirement at work & learn when and when not to test appliances and what is an appliance. Types of testers are included.

Examples of typical hazards for evaluation, types and operation of fuses, limitations and selection. Reduced voltage safety, shock, various hazards including fire and electrical defects, S.E.L.V. for high risk areas, generators, surge protection, supporting video.

Practical Appliance Testing included to a range of appliances

Method of testing various class of appliances using our standard electrical test unit(s) for insulation test, earth leakage, RCD test, touch current test, earth bond test, cord test limitations of dielectric test etc and practical exercises in a methodical and structured way to enable ALL candidates to undertake a range of inspection/tests on a variety of electrical appliances including a computer, projector, tools (and 110 volt), fan etc are typical. Risk assessing test intervals plus records.

Course content and duration may vary as a result of changes needed to comply with the requirements of legislation or necessary updates, but details were correct at the time of publication.

This is a certificated course (including a passport card) and the competence assessment is a practical test on a range of equipment.

(you can have as few as you like in the group or the max permitted or even 1:1 tuition)

Quotations by BST are provided for the course to meet your specific requirements and will vary dependant on the number of candidates, distance, and venue etc.

Course notes included, **Full days tuition** (typically 0900 to 1630)
