

Fire Awareness

Bespoke Safety Training & Consultancy Limited

A certificated Half day course

Meets the legal and essential requirements to ensure staff have a comprehensive awareness of fire safety for their own safety and others.

Attendance dates to meet YOUR needs at YOUR place of work or at a venue of your choice.

Delivered by a Tutor who is a Chartered Practitioner with IOSH

- *An understanding of the fire triangle, causes and consequences of fires at your work place, classification of fires, how fires spread including convection methods, conduction and radiation, the main ways that fire extinguishers can put out a fire and limitations, fire fighting and limitations, emergency procedures and what action to take and an introduction to the role of Fire Wardens / Marshalls.*
- *An awareness of fire risk assessment and fire precautions, and examples of how serious fire can start, detection and alarm systems, good housekeeping precautions, combustible materials and flammable liquids, class exercise, dangerous substances - some in comm*
- *It includes an awareness of the various types of fire extinguishers and what type of fires they may be used on. The practical use of fire extinguishers is included but this can be excluded if requested at the time of booking. (Note: practical use does not involve any fire)*

Course content and duration may vary as a result of changes needed to comply with the requirements of legislation or necessary updates, but details were correct at the time of publication.

We also have a full day course for Fire Wardens / Fire Marshalls – please ask for details.

(you can have as few as you like in the group or the max permitted or even 1:1 tuition)

Quotations by BST are provided for the course to meet your specific requirements and will vary dependant on the number of candidates, distance, and venue etc.

Course notes included, **Half days tuition** (typically 0900 to 1300)
